Salary Determination

- The ODNI uses a rank-in-person system in which rank is attached to the individual. A selected ODNI candidate or other Federal Government candidate will be assigned to the position at the employee's current GS grade and salary.
- A current Federal Government employee, selected for a detail, will be assigned to the position at his or her current grade and salary.
- For a selected non-Federal Government candidate, salary will be established within the salary range listed above, based on education and experience.

Component Mission

The Cyber Threat Intelligence Integration Center (CTIIC) is the DNI's Intelligence Community (IC) lead for cyber intelligence issues. CTIIC is responsible for integrating IC collection and analysis on cyber intelligence issues, and for coordinating and supporting the IC in providing accurate, timely, comprehensive support to national policy and decision makers. CTIIC also coordinates and monitors the Presidential-mandated Comprehensive National Cybersecurity Initiative, among other duties.

Major Duties and Responsibilities (MDRs)

Develop highly engaging, innovative animations, interactives, and other web-based products that distill complex cyber threat-related information into compelling visual stories for IC and senior policymakers.

Perform complex multimedia projects by defining project goals, scope, and requirements (i.e. audience, deadline, final product format, delivery methods) for all phases of planning and production and interpreting customer requirements and project complexity to determine technical resources needed for timely, accurate product delivery.

Manage projects from concept to execution including developing and creating storyboards and preparing conceptual layouts for projects; coordinating and collaborating with customers and team members; and delivering high quality media products and services that meet publication standards.

Select appropriate audio, graphic, and animation styles for projects.

Produce complex, highly sophisticated interactive multimedia products by performing complex interface and navigation and creating detailed artwork, such as illustrations, interactive charts, photographs, interactive maps, 3D animations, and special effects.

OFFICE OF THE DIRECTOR OF NATIONAL INTELLIGENCE

L E A D I N G I N T E L L I G E N C E I N T E G R A T I O N

Develop and prepare digital production files for digital media while organizing files for easy access by project team.

Communicate and coordinate with clients to determine how best to scope their products and conceptualize visuals for finished intelligence; work closely with clients and planners to assess team and technical requirements for complex projects, discuss production schedules, provide necessary services, and resolve procedural and production problems that may arise.

Lead and participate in visual facilitation sessions with clients to enhance and drive visual strategies.

Participate in brainstorming sessions to share new design perspectives and ideas.

Keep apprised of advancements in animation and UI/UX design as well as techniques, technologies, and trends to deliver cutting-edge work.

Generate, review, and edit products that follow principles and theories of multimedia design, align with visual tradecraft standards, and effectively communicate the intelligence story.

Proactively seek out and implement feedback to deliver quality visuals.

Build and leverage diverse collaborative networks within the ODNI and across the IC.

Participate in relevant IC groups that correspond to the production of visuals in finished intelligence.

Mandatory and Educational Requirements

Highly-skilled with a minimum of 6 years of professional experience in animation or motion graphics, critical thinking, and presentation skills, and a desire to develop your skillset.

Interpersonal and communication skills with an ability to communicate complex information clearly, concisely, and in a manner that is targeted to and meets the needs of both technical and non-technical audiences.

Self-starter with the ability to work independently and collaborate with a team to solve an array of challenges through visual design.

Ability to utilize innovative and creative problem solving and analytical thinking skills to develop, organize, clarify, and enhance alternative approaches to the most sophisticated multimedia requirements.

Ability to use a broad range of animation, web design, and video editing tools and approaches to present data, including the Adobe Creative Suite (After Effects, Premiere, Illustrator, Photoshop, etc.); thorough knowledge of appropriate and efficient file formats and structure for electronic dissemination and archival purposes.

Experience with and understanding of 508-compliance.

Thorough knowledge and experience with HTML5, CSS, JavaScript, etc.

Experience leading conceptualization sessions and advising authors on how to most effectively communicate the analytical story in a visual.
